- **Languages:** Arabic (Native), English (Fluent), Lithuanian (Intermediate), Italian (Intermediate).

PROFESSIONAL EXPERIENCE

Fraud Investigator Middle East and Gulf Area

Teleperformance | Cairo, Egypt | January 2023 – 2026

Fraud Investigator Middle East and Gulf Area

Western Union | Lithuania / Europe | January 2015 – January 2017

Responsible for detecting, investigating, and preventing fraudulent activities across multiple channels, including financial transactions, insurance claims, and digital platforms. I combine analytical rigor, investigative expertise, and regulatory knowledge to protect customers'/users' assets, reduce financial losses, and ensure compliance with legal and industry standards. My role requires meticulous attention to detail, strong communication skills, and the ability to collaborate with internal teams and external agencies to resolve complex cases.

- Conducted comprehensive fraud investigations, analysing customer allegations, suspicious activities, transaction patterns, and fraud indicators to identify potential risks and fraudulent behaviour.
- Monitored transactions and activities across multiple systems, utilising analytical tools and fraud detection platforms to identify anomalies, emerging fraud trends, and high-risk cases.
- Assessed fraud risks, organisational vulnerabilities, and evolving threat landscapes, providing strategic recommendations to senior management to strengthen controls and mitigate losses.
- Performed end-to-end case management, including evidence gathering, stakeholder interviews, documentation, root cause analysis, and preparation of detailed investigation reports with actionable recommendations.
- Collaborated with internal stakeholders, including Risk, Compliance, Legal, Customer Service, and IT teams, as well as external partners, financial institutions, and law enforcement agencies to support investigations, fund recovery efforts, and legal proceedings.
- Reviewed and evaluated fraud alerts generated by automated monitoring systems, determining appropriate escalation paths and investigative actions.
- Guided customers on fraud prevention best practices, safeguarding financial assets, and resolving fraud-related incidents and technical concerns.
- Supported the development and implementation of fraud prevention strategies, awareness programs, and process enhancements aimed at reducing fraud exposure and strengthening organizational resilience.

Compliance, Reporting & Governance

- Ensured all investigative activities were conducted in accordance with applicable regulatory requirements, industry standards, and internal policies, including AML, KYC, data protection, and compliance frameworks.
- Maintained accurate, confidential, and audit-ready case records, supporting regulatory reviews, audits, and legal proceedings.
- Prepared and presented management reports on fraud trends, investigation outcomes, risk assessments, and loss prevention performance metrics.
- Monitored regulatory developments and emerging fraud typologies to ensure continuous alignment with industry best practices and compliance requirements.

Pre-Travel Team Leader

TUI UK | Teleperformance | Cairo, Egypt | January 2021 – December 2022

Led a team of pre-travel advisors responsible for delivering exceptional customer experiences throughout the pre-departure journey. Combined people leadership, operational management, and customer service excellence to ensure efficient handling of travel enquiries, booking amendments, and customer support requirements while maintaining alignment with TUI's service standards and business objectives.

Acted as the primary escalation point for complex customer cases, driving issue resolution, enhancing operational efficiency, and collaborating with cross-functional teams to optimize pre-travel processes and improve customer satisfaction.

Key Responsibilities

Team Leadership & Development

- Led, coached, and developed a team of 22 advisors, driving a high-performance culture focused on operational excellence, customer satisfaction, and continuous improvement.
- Managed day-to-day pre-travel operations, including workforce planning, resource allocation, scheduling, and workload management to ensure consistent achievement of service-level targets.
- Monitored operational performance and key performance indicators (KPIs), delivering performance reviews, coaching, training, and development initiatives to enhance team capability and productivity.
- Served as the primary escalation point for complex customer cases, resolving operational challenges related to flight changes, booking amendments, travel documentation, and special assistance requirements.
- Proactively identified service risks and potential travel disruptions, coordinating with internal stakeholders to maintain service continuity and minimize customer impact.
- Collaborated closely with Flight Operations, Airport Operations, Sales, Customer Service, and senior management teams to ensure seamless service delivery and alignment with business objectives.
- Analysed operational data, customer feedback, and service trends to identify improvement opportunities, implement process enhancements, and drive operational efficiencies.

- Ensured compliance with company policies, aviation regulations, data protection requirements, and operational governance standards while producing performance reports and management insights to support strategic decision-making.

Key Achievements

- Successfully led a team of 22 advisors, consistently exceeding operational performance and customer satisfaction targets.
- Reduced average query resolution times by 30% through workflow optimization, process improvements, and targeted coaching initiatives.
- Maintained service-level performance above target during peak seasonal demand, ensuring operational stability and exceptional customer experience.
- Developed and implemented an enhanced onboarding program that reduced new-hire ramp-up time by 20% and accelerated operational readiness.
- Recognized by senior leadership for driving operational excellence, team performance, customer satisfaction, and continuous improvement initiatives.

Account Manager, Post-Production
Media Gate | Cairo, Egypt | May 2017 – December 2019

Acted as the primary liaison between clients and the post-production department, overseeing the successful delivery of television, radio, and outdoor advertising campaigns from concept through final broadcast and distribution. Managed client relationships, production workflows, budgets, and cross-functional teams to ensure projects were delivered on time, within budget, and in line with creative and technical requirements.

Responsible for coordinating multiple concurrent projects, translating client objectives into actionable production plans, and ensuring seamless collaboration between creative teams, editors, sound engineers, motion graphic designers, voice-over talent, media agencies, and external partners. Maintained full ownership of project timelines, resource allocation, quality assurance, and final delivery standards.

A key aspect of the role involved building long-term client relationships, managing stakeholder expectations, and providing strategic guidance throughout the production lifecycle. Through proactive communication and a solution-oriented approach, consistently maintained high levels of client satisfaction while identifying opportunities to expand service offerings and support business growth.

Key Responsibilities

- Managed end-to-end post-production workflows across television, radio, and outdoor advertising campaigns.
- served as the primary point of contact for client accounts, ensuring clear communication, stakeholder alignment, and exceptional service delivery.
- Planned and coordinated production schedules, resource allocation, and project milestones across multiple simultaneous projects.
- Led project reviews and client consultations to gather feedback, manage expectations, and ensure alignment with campaign objectives.
- Oversaw quality control processes, ensuring all content met creative briefs, technical specifications, broadcast requirements, and industry standards.
- Coordinated content versioning and adaptation for multiple platforms, formats, and regional requirements.
- Managed project budgets, quotations, cost control, and profitability while ensuring efficient resource utilization.

- Negotiated with external vendors and freelance talent to secure high-quality services within budget parameters.
- Collaborated closely with creative, production, media planning, and business development teams to ensure successful project execution and account growth.
- Proactively identified operational improvements to enhance workflow efficiency, turnaround times, and delivery performance.

Selected Projects

- Gastec / Universal / Union Air / Next Point/ Carrefour and more – Managed the post-production delivery of integrated advertising campaigns across television, radio, and outdoor media platforms, ensuring compliance with client specifications, broadcast requirements, and delivery deadlines.
- Successfully supported a portfolio of commercial and corporate advertising campaigns for leading brands and agencies across the Egyptian market.

Key Achievements

- Successfully managed a high volume of post-production projects annually, consistently delivering high-quality content on schedule and within budget.
- Maintained strong client retention through proactive account management, operational excellence, and trusted client partnerships.
- Contributed to account growth by identifying opportunities for additional services and value-added production solutions.
- Improved project delivery timelines through enhanced workflow coordination, resource planning, and stakeholder management.
- Established a reputation for delivering technically accurate, broadcast-ready content while maintaining exceptional client service standards.

Marketing Manager
DeTi ART UAB | Lithuania / Europe | June 2014 – December 2014

Led the development and execution of global marketing initiatives aimed at strengthening brand positioning, expanding international market presence, and supporting organizational growth. Worked closely with executive leadership, sales, product development, and external partners to align marketing strategies with business objectives, ensuring a consistent brand identity across multiple markets while allowing for local cultural adaptation.

Key Responsibilities

- Developed and implemented comprehensive marketing and communication strategies to strengthen brand awareness, support business growth, and reinforce the organization's mission.
- Defined and managed global brand positioning, ensuring consistency in messaging, visual identity, and customer experience across international markets.
- Conducted market research, competitive analysis, and consumer insight studies to identify emerging trends and translate findings into actionable marketing initiatives.
- Planned and executed integrated multi-channel marketing campaigns, managing the full lifecycle from strategy and creative development through launch, performance measurement, and optimization.
- Directed digital marketing activities, including social media, content marketing, SEO/SEM, and strategic partnerships to increase engagement, brand visibility, and customer acquisition.
- Coordinated cross-functional collaboration between Product Development, Sales, Supply Chain, and executive leadership teams to ensure alignment between marketing activities and broader business objectives.
- Managed stakeholder relationships and communication strategies across internal teams, external partners, distributors, and international markets.
- Led and mentored marketing teams, fostering a culture of collaboration, innovation, accountability, and continuous professional development.
- Oversaw marketing budgets, resource allocation, and performance metrics to maximize return on investment and ensure efficient use of resources.

- Established KPI frameworks and reporting mechanisms, leveraging analytics and market insights to evaluate campaign effectiveness and drive continuous improvement.
- Directed public relations, corporate communications, and brand reputation initiatives while promoting the organization's commitment to safety, sustainability, ethical practices, and community engagement.
- Provided strategic guidance to international distributors and market representatives to ensure successful local execution while maintaining global brand standards.

Key Achievement

- Successfully expanded market presence across Greece, Russia, Estonia, and Poland, increasing brand awareness by 20% within 18 months through targeted market expansion strategies, integrated marketing campaigns, and effective international stakeholder management.

Situation: The marketing team had high turnover and low morale due to unclear expectations and lack of growth opportunities.

Action: I conducted one-on-one listening sessions to understand pain points, then restructured roles to align with individual strengths and career goals. I introduced a mentorship program, regular skill-building workshops, and clear advancement pathways. I also celebrated wins publicly and created a culture of psychological safety where ideas were welcomed.

Result: Turnover decreased by 60%, employee satisfaction scores increased from 3.2 to 4.6 out of 5, and two team members were promoted to senior roles within a year.

Project Manager
Melody FM 91.1 & Zain FM 102.1 | Jordan | July 2013 – November 2013

As Project Manager, I was responsible for leading complex, cross-functional projects across two leading radio stations. My role involved coordinating workflows, optimizing operational processes, and managing teams to ensure successful project delivery. I served as the bridge between executive leadership and operational teams, translating strategic objectives into actionable plans while maintaining quality standards and meeting tight deadlines. I played a key role in launching new operational units and driving efficiency improvements across the organization.

Key Responsibilities

Project Coordination & Workflow Management

- Coordinated complex project workflows and timelines across multiple stakeholders, including executive sponsors, department heads, and external partners.
- Developed detailed project plans, defining scope, objectives, deliverables, and success metrics for each initiative.
- Monitored project progress against milestones, proactively identifying risks and implementing mitigation strategies.
- Managed resource allocation across concurrent projects, ensuring teams had the tools and support needed to deliver on time.

Process Optimization & Operational Analysis

- Synthesized operational data to identify process inefficiencies and bottlenecks across departments.
- Conducted root cause analysis and recommended optimization solutions to senior leadership.
- Implemented streamlined workflows that reduced project turnaround times and improved cross-departmental collaboration.
- Developed and maintained project documentation, including status reports, risk logs, and post-project evaluations.

Team Coordination & Performance Management

- Managed team coordination across multiple departments, ensuring clear communication and alignment on project goals.
- Monitored team performance against KPIs, providing feedback and support to maintain quality standards.
- Facilitated regular project meetings, keeping stakeholders informed and addressing issues promptly.
- Fostered a collaborative work environment that encouraged accountability and creative problem-solving.

New Unit Launch & Establishment

- Oversaw the launch and establishment of new operational units, coordinating executive sponsors and cross-functional teams.
- Developed launch plans, including timelines, resource requirements, and operational procedures.
- Managed the onboarding of new team members and ensured smooth integration into existing workflows.
- Monitored post-launch performance and implemented adjustments to optimize operations.

Stakeholder Communication & Reporting

- Served as the primary point of contact for project-related communications, ensuring transparency across all levels.
- Prepared and presented regular status reports to senior leadership, highlighting progress, risks, and recommendations.
- Managed expectations by balancing strategic ambitions with practical constraints.
- Built strong relationships with internal and external stakeholders, fostering trust and collaboration.

Key Achievements

- Successfully coordinated 2 projects simultaneously, delivering all on time and within scope.
- Identified and implemented process improvements that reduced project turnaround time by 25%.
- Led the launch of 2 new operational units, establishing workflows and team structures that became models for future initiatives.
- Improved cross-departmental collaboration, resulting in a 30% reduction in project delays.
- Received recognition from senior leadership for exceptional project coordination and problem-solving.

Production and Live Broadcast Manager

Nogoum FM 100.6 NRP | Cairo, Egypt | January 2003 – January 2010

As Production and Live Broadcast Manager, I was responsible for overseeing the strategic development and operational establishment of a major media organization. My role combined production management, live broadcast oversight, and organizational development. I coordinated complex workflows across multiple departments, managed cross-functional teams, and provided strategic support to senior leadership. I played a pivotal role in building the operational infrastructure, implementing technical systems, and ensuring high-quality broadcast outcomes that met organizational standards and audience expectations.

Key Responsibilities

- Led the planning, coordination, and execution of multiple projects simultaneously, defining project scope, objectives, deliverables, timelines, and success metrics.
- Developed and maintained detailed project plans, monitoring progress against milestones, identifying risks, and implementing mitigation strategies to ensure successful delivery.
- Managed resource allocation across concurrent initiatives, ensuring teams had the necessary support, tools, and guidance to achieve project objectives efficiently.
- Analyzed operational data and business processes to identify inefficiencies, conduct root-cause analysis, and recommend improvements that enhanced productivity and cross-departmental collaboration.
- Implemented streamlined workflows and operational procedures that improved project execution, reduced bottlenecks, and increased organizational efficiency.
- Coordinated teams across multiple departments, fostering clear communication, stakeholder alignment, accountability, and effective problem-solving throughout the project lifecycle.
- Facilitated regular project reviews and stakeholder meetings, providing updates on progress, risks, performance metrics, and strategic recommendations.
- Oversaw the launch and establishment of new operational units, including planning, resource mobilization, process development, team onboarding, and post-launch performance optimization.

- Acted as the primary point of contact between executive leadership and operational teams, ensuring transparency, effective communication, and alignment between strategic priorities and operational execution.
- Maintained comprehensive project documentation, including status reports, risk registers, operational procedures, and post-project evaluations to support continuous improvement and organizational learning.

Key Achievements

- Successfully coordinated multiple concurrent projects, consistently delivering within scope, schedule, and operational requirements.
- Identified and implemented process improvements that enhanced workflow efficiency and reduced project turnaround times.
- Led the successful establishment of new operational units, creating sustainable processes and team structures that supported long-term operational effectiveness.
- Strengthened cross-functional collaboration, improving communication, reducing project delays, and enhancing overall delivery performance.
- Recognized by senior leadership for exceptional project coordination, operational problem-solving, and contributions to organizational efficiency.

FEATURED PROJECTS & ACHIEVEMENTS

Fraud Investigation & Risk Management — Western Union / Teleperformance

- Scope: Managed fraud detection, investigation, and prevention activities across financial transactions and digital channels throughout Europe, the Middle East, and Gulf markets, ensuring compliance with regulatory and organizational requirements.
- Action: Conducted end-to-end investigations involving suspicious activities, fraud alerts, transaction monitoring, evidence gathering, stakeholder interviews, root-cause analysis, and case reporting. Collaborated with Risk, Compliance, Legal, IT, financial institutions, and law enforcement agencies to support fraud resolution, fund recovery, and risk mitigation. Developed fraud prevention initiatives, process improvements, and customer awareness programs to strengthen organizational resilience.
- Result: Improved fraud detection capabilities, reduced exposure to financial loss, supported regulatory compliance, and enabled informed decision-making through comprehensive fraud trend analysis, risk assessments, and management reporting.

---

3. Operations Leadership & Service Delivery — TUI UK | Teleperformance

- **Scope**: Led a team of 22 advisors responsible for pre-travel operations, customer support, and service delivery, ensuring operational performance, regulatory compliance, and exceptional customer experiences across the pre-departure journey.
- **Action**: Managed workforce planning, resource allocation, performance management, training, coaching, and KPI monitoring. Acted as the primary escalation point for complex customer cases, coordinated with Flight Operations, Airport Operations, Sales, and Customer Service teams, and implemented process improvements to optimize operational efficiency and customer satisfaction.
- **Result**: Consistently exceeded performance and customer satisfaction targets, reduced query resolution times by 30%, maintained service levels during peak demand periods, and implemented an onboarding program that reduced new-hire ramp-up time by 20%.

---

4. Global Marketing Strategy & Market Expansion — DeTi ART UAB

- **Scope**: Led global marketing initiatives designed to strengthen brand positioning, expand international market presence, and support organizational growth across multiple European markets.
- **Action**: Developed and executed integrated marketing strategies, managed multi-channel campaigns, directed digital marketing initiatives, conducted market research and competitive analysis, and collaborated with executive leadership, sales, product development, and international distributors to ensure alignment with business objectives. Managed budgets, performance metrics, brand communications, and stakeholder engagement across international markets.
- **Result**: Successfully expanded market presence across Greece, Russia, Estonia, and Poland, increasing brand awareness by 20% within 18 months through targeted market expansion strategies and integrated marketing campaigns.

Leadership & Team Transformation

- **Scope**: Addressed high staff turnover and low team engagement within the marketing function.
- **Action**: Conducted individual engagement sessions, restructured roles to align with employee strengths and career aspirations, launched a mentorship program, introduced professional development initiatives, and established clear progression pathways while fostering an inclusive and collaborative team culture.
- **Result**: Reduced employee turnover by 60%, increased employee satisfaction scores from 3.2 to 4.6 out of 5, and supported the promotion of two team members into senior positions within one year.

1. Post-Production Project Management — Media Gate

- **Scope:** Managed end-to-end post-production workflows, defining project scope, budgeting, and timelines.
- **Action:** Oversaw supplier contracts, assigned deliverables, and maintained strict quality standards. Prepared executive reports on project status and performance metrics.
- **Result:** Ensured financial adherence, cost control, and on-time completion, strengthening professional relationships with agencies and partners.

2. Broadcast Operations and Organizational Establishment — Nogoum FM 100.6 NRP

- **Scope:** Orchestrated the strategic development and operational establishment of a major media organization from the ground up.
- **Action:** Coordinated complex cross-functional workflows, managed executive priorities, and implemented technical systems and operational protocols to enhance efficiency.
- **Result:** Successfully built organizational infrastructure and governance frameworks, supporting long-term compliance and strategic planning.

3. Radio Project Launch and Operational Units — Melody FM 91.1 & Zain FM 102.1 (Jordan)

- **Scope:** Oversaw the launch and establishment of new operational units for two major radio stations.
- **Action:** Coordinated complex project workflows across multiple stakeholders, synthesized operational data, and identified process inefficiencies.
- **Result:** Recommended and implemented optimization solutions for senior leadership, ensuring quality standards and project deadlines were met during the critical launch phase.
